COMMISSION SAILS TOMORROW.

Expected to Leave Washington This Afternoon, Though Some May Wait Until Night—The Charges to Members Were Said Not to Be Ironbound.

WASHINGTON, Sept. 16.—The cabinet met in special session yesterday afternoon. All of the members were present, except Secretary Alger, who is not in the city. All united in the statement made after the meeting, that they had agreed to say nothing more of the result of the deliberations than that the peace commissioners had been fully instructed. Of the nature of these instructions they conveyed not a word.

Each one pointed out that to do so would be extremely impolitic and would amount to arming the Spanish commissioners in advance against themselves. The peace commissioners, who were approached on the subject, made a similar response, thus closing all official avenues of information.

It was said that the commissioners were "fully instructed," and upon seeking a further explanation of this phase it appeared that the cabinet had patiently gone over in the discussion with the commissioners every subject that in their opinion could be brought into the proceedings before the joint commission. On each of these the American commissioners were made acquainted with the views and wishes of the administration.

It is not to be understood from this that the commissioners go under iron-clad and unchangeable instructions at all points, for there is a certain amount of flexibility in the instructions also, as one of the cabinet members put it, the president might just as well have reduced his wishes to paper in the form of an ultimatum and have sent that to Paris by a messenger.

The peace commissioners are in no sense mere mouthpieces, but, having chosen with the greatest care and consideration five men in whom he puts the most implicit confidence, the president feels that they are to be trusted with the interests of the United States. It is not expected that they will have a free rein in the larger questions of policy, but, with ample opportunities for consultations by cable and otherwise, there is no reason why the commissioners should not be able to carry out the desires of the administration, and at the same time have the opportunity to somewhat shape those desires by conveying information they may acquire.

For instance, it is expected that at Paris the commissioners will meet General Merritt, fresh from Manila, and in addition they will have the benefit of a special report from Admiral Dewey. These will be of the greatest value for the commissioners are not acquainted with the Philippine question in detail, and even the information that is to be acquired from the Spanish peace commissioners is not to be despised, when it takes such an official form that it can be relied upon as to accuracy.

All the arrangements have been completed for the departure of the commission and its staff. Most of the party will leave Washington at 4 o'clock this afternoon for New York, but circumstances may detain some of the commissioners until the midnight train. The Campania sails tomorrow afternoon.

Senator Frye called at the war department yesterday afternoon and had a talk with Acting Secretary Meiklejohn. While they were together Representative William Alden Smith of Michigan, who is a member of the house committee on foreign affairs, joined them. In the course of a good natured exchange, Mr. Smith urged Senator Frye to hold on to the Philippines as an entirety as well as all other territory of which we were possessed as a result of the war. Mr. Frye diplomatically avoided committing himself, beyond remarking that this idea seemed to be growing. As Mr. Frye came from the department he was asked if he favored the retention of the Philippines, to which he replied:

"I never have given my views on that to any human being."

SPAIN MUST YIELD.

Statement by State Department Said This Would Be Made Clear to Spanish Peace Commissioners.

WASHINGTON, Sept. 16.—The state department last night gave out the following statement concerning the discussion between the members of the cabinet and the peace commission yesterday:

"The members of the peace commission, with the exception of Senator Gray, whose absence was due to his inability to withdraw as counsel in a case in which he was engaged sometime before his appointment as one of the peace commissioners, have spent the greater part of yesterday and today in a free discussion of the duties with the discharge of which they have been entrusted by the president. Senator Gray is expected during the evening, and be-

fore sailing will have a full conference with the president and his associates.

"While for obvious reasons it was determined that the nature of the instructions as to the negotiation about to be entered upon should for the present be kept secret and made known only after definite results shall have been reached, it is possible to state authoritatively that the commission goes to Paris fully prepared to follow a course of action mapped out for it, as the result of the consultation of the last two days.

"At the very outset it will be made clear to the Spanish commissioners that, as in the case of the preliminary protocol, there can be no deviation from or modification of the demands made by the United States.

"The decision arrived at by the president after a full consultation with the members of the commission subsequently received the cordial and unanimous approval of the cabinet at a meeting held this afternoon.

"As previously announced the commission sails from New York on the Campania at 2 o'clock Saturday afternoon."

Reilly, Wilmington, Del.; John D. Sheppard, Louisville; J. E. Minnick, Columbus; Benjamin N. Woodruff, Brooklyn.

WEST INDIAN HURRICANE.

Dispatches to British Colonial Office Said to Confirm Great Destruction Was Done.

LONDON, Sept. 16.—The dispatches received at the colonial office from the British authorities in the West Indies indicate as a whole earlier reports of the havoc wrought by the hurricane were very probably not exaggerated.

Financial aid is required to meet the distress.

People are flocking into Kingston, St. Vincent, from all the country round for shelter and food.

Sir Cornelius Moloney, governor of the Windward Islands, cables that two vessels were sunk and that the fate of many others is unknown.

The governor of Barbados, Sir J. S. Hay, reports that the hurricane was of ten hours' duration. Already he has been officially notified of 61 deaths and of 31 persons seriously wounded. The reports from the country districts are incomplete, but there has been a heavy loss of government and private property. Assistance is urgently required.

Two Countries Closely Bound.

STROUD, England, Sept. 16.—The chamber of commerce of this place entertained the delegates of the British Association for the Advancement of Science yesterday. John Chandler of Boston, in the course of his remarks, said that never in the history of Great Britain and America had the two countries been so closely bound together, and he expressed the belief that it would be impossible in the future to break this bond of union.

Troops Arrived at Cleveland.

CLEVELAND, Sept. 16.—Troops A, B and C of the First Ohio volunteer cavalry arrived here over the Pennsylvania line from Huntsville, Ala., yesterday.

TENTS NOT PREPARED.

Camp Was Not Ready When Soldiers Arrived.

THE THIRD REACHED COLUMBUS.

City Officials and Citizens Then Made Arrangements to Furnish Shelter For the Night—Some of the First Ohio Cavalry Took Possession of a Train.

COLUMBUS, Sept. 16.—The Third Ohio regiment arrived here yesterday afternoon and last night from Huntsville, Ala., in four sections. The troops carried full equipment, which is to be turned over to the government at Camp Bushnell. Through some misunderstanding the camp was not ready to receive them. Captain Bacheller, the mustering officer, had made no arrangements for erection of tents, though plenty of them are stored in a temporary building on the grounds.

Colonel Anthony decided to dismiss the troops for the time being and did so, the men being left to shift for themselves. Arrangements were hastily made by city officials and citizens to shelter the troops in the city hall and at the Auditorium. The camp will probably be gotten in readiness for the regiment today.

TOOK FORCIBLE POSSESSION.

Ohio Cavalrymen Hold Sleeping Cars and Ride Home In Them.

COLUMBUS, Sept. 16.—At the Union station last night about midnight Troops A, B and C, First Ohio cavalry, of Cleveland, took forcible possession of a train. The soldiers were brought in here from Huntsville, Ala., in tourist sleepers, but the contract only called for the cars as far as Columbus, so the Pennsylvania railroad ordered the Cleveland men out, that the cars might be returned to Cincinnati. The men refused, and when an engine was coupled on to the five cars an armed line of guards was thrown around the train.

Major Webb Hayes and District Passenger Agent J. M. Harris finally compromised the matter. The cars went through on a special O. A. & C. train.

OUT FOR INDEPENDENCE.

Gomes Alleged to Have Become an Advocate—Spaniards Said to Fear American Trade Competition.

HAVANA, Sept. 16.—The predominant feature of the situation is the feverish and widespread agitation of the Cubans in favor of the absolute independence of the islands at all costs.

Manifestoes are being circulated inviting the co-operation of Spanish residents and merchants to this end, and pointing out that either annexation or American protectorate would mean death to all trade with Spain in a couple of years.

General Maximo Gomez, who only a fortnight ago gave expression to extremely moderate views, counseling harmony and patience, now expresses himself as strongly in favor of "absolute independence or nothing."

It is said some Spaniards fear that the Americans would soon prove too much in trade competition for them in case of annexation.

WOLCOTT AND HIS FOES.

Referred to Towne as a Political Tramp—His Message to Silver Republicans.

DENVER, Sept. 16.—The state convention of the Republican party of Colorado was called to order at the Broadway theater by State Chairman J. L. Hodges yesterday morning.

United States Senator Edward O. Wolcott was unanimously elected temporary chairman. He said the conventions at Colorado Springs showed that the price of the party which tried to steal the name and organization of the Republican party under the name of Silver Republicans was two or three places in the state house.

Referring to the division of the Silver Republican party he said that "a political tramp named Towne was called here from another state to tell Colorado voters how to conduct their convention."

The platform of the Silver Republicans presided over by Senator Teller, Mr. Wolcott said, was devoted largely to vilification of the junior senator from Colorado. He wished to send them the message that when they had dug his political grave and buried him in it they could never write "renegade" over it.

Henry R. Wolcott, brother of the senator, was nominated for governor. Senator Wolcott's record was endorsed. The resolutions said the convention relied upon the national administration to settle questions growing out of the war properly. The administration of McKinley was endorsed. Bimetallism was declared for, but in the ranks of the party was said to be the place to fight for it.

Beaten by Strikers.

ST. LOUIS, Sept. 16.—William Kane was shot and mortally wounded and

Edward G. Jackson, his companion, was beaten into unconsciousness early yesterday by striking plasterers while on their way to work. Kane is in the city hospital dying, but Jackson will recover. Matt Brown and Joseph Lee have been identified as the assailants.

AT THE SUPREME MOMENT.

President Told Saratoga Convention Their Resolutions Arrived Before Final Instructions to Commissioners.

WASHINGTON, Sept. 16.—The committee representing the Saratoga conference on future foreign policy called on the president yesterday afternoon by appointment and presented an engrossed copy of the resolutions adopted at that conference and a memorial amplifying the different subjects touched upon.

The first remarks of the president, after reading the memorial by Chairman Rogers, were:

"GENTLEMAN—You came at the supreme moment. I will today give the peace commissioners their final instructions and you are here in time to have recommendation heard and considered before that is done."

The president, in closing a five-minute talk to the committee, said: "I propose to do the best I can with such knowledge and light as I have, and hope my acts in the matter will be approved by the deliberate judgment of mankind."

A DINNER TO COMMISSION.

The President Entertained Peace Commissioners and Others.

WASHINGTON, Sept. 16.—President McKinley gave a dinner at the White House last night to the members of the Spanish-American peace commission who are now in the city, except Senator Gray, who did not reach the city in time.

The guests included the following: Secretary of State Day, Senator Davis, Senator Frye, Hon. Whitelaw Reid, Secretary of the Navy Long, Secretary of the Treasury Gage, Attorney General Griggs, Postmaster General Emory Smith, Secretary of the Interior Bliss, Secretary of Agriculture Wilson, Hon. John W. Foster, Assistant Secretaries Moore and Adee of the state department and Adjutant General Corbin.

MAY BE 35,000 MEN.

Stated That Many Will Soon Be at Camp Meade—Health of Camp Improved.

CAMP MEADE, MIDDLETOWN, Pa., Sept. 16.—A member of General Graham's staff said yesterday that there would be 35,000 troops in camp within a fortnight. How long they will remain is an open question, although it is doubtful if they will get away before the middle of October. One division will be sent south to join General Fitzhugh Lee's army for duty in Cuba.

A special court will be convened for the trial of Major Charles R. Parke of Scranton, who is under arrest for neglecting to furnish descriptive lists of patients sent to Philadelphia hospitals from the Second division hospital, of which he was chief surgeon.

The equipment of the First division hospital at Camp Alger was shipped here yesterday in charge of Major Merriman. A detail of 30 men is still at the abandoned camp preparing the dispensary for shipment.

Captain Reuben M. Bonner of the Tenth Ohio has been appointed corps sanitary inspector. The health of the camp is excellent, except in the Fifteenth Pennsylvania regiment and the cases now being sent to the general hospitals are those which have developed since the troops came here. There are 50 cases of typhoid fever in the Second division hospital and 40 cases in the Red Cross hospital. Many of these are from the New York regiments which have come recently from Camp Black.

Private George F. Weddle, Company I, Fourteenth regiment, whose home is at McKeesport, fell from a freight train yesterday in Harrisburg and fractured his skull.

QUEEN VISITS SICK.

Spanish Queen Regent Makes Daily Trips to Returned Soldiers—The Latter Praised American Kindness.

MADRID, Sept. 16.—The queen regent pays daily visits to the sick soldiers who have returned from the colonies. She has ordered that the convalescents be conveyed in the royal carriages to the Casa del Campo, in the royal park, and is paying from her own purse for proper food for the invalids.

The correspondent here of The Associated Press has conversed with officers, invalids and others, who have returned from Santiago. They all extol the kindness of the Americans after the surrender. They do not display the slightest animosity against the Americans, but entertain bitter feelings against the Cubans.

Brought Sick to Philadelphia.

PHILADELPHIA, Sept. 16.—The United States hospital ship Relief arrived here yesterday from Montauk Point with 250 sick soldiers on board. All the men are in good health, with the exception of about a dozen, who had to be carried from the steamer. They were quickly taken to hospitals.

VIENNA, Sept. 16.—The funeral train with the empress' remains arrived last evening. Prince Von Liechtenstein, the chief court marshal, the officers of the general staff and a military guard of honor were waiting at the railway station, which was heavily draped with crepe.

The clergy having blessed the remains, the procession started for the Hofburg. The whole route was lined with troops and immense crowds, bare-headed, stood silently watching. The soldiers presented arms as the procession passed. The streets were impossibly decorated.

On reaching the Hofburg the remains were transferred to the chapel. Emperor Francis Joseph, with the principal mourners, had driven from Schönbrunn to the chapel to attend the ceremony of blessing the body.

After the benediction all departed except the emperor and the relatives, who remained alone with the beloved dead until shortly before midnight, when they

On reaching the Hofburg the remains were transferred to the chapel. Emperor Francis Joseph, with the principal mourners, had driven from Schonbrunn to the chapel to attend the ceremony of blessing the body.

After the benediction all departed except the emperor and the relatives, who remained alone with the beloved dead until shortly before midnight, when they returned to Schonbrunn.

Among the wreaths the one from President McKinley attracted much attention. It has the Stars and Stripes intertwined and bears the inscription:

"From the president of the United States—a tribute of heartfelt sympathy to the memory of a noble and gracious lady."

All the festivities in connection with the jubilee of Emperor Francis Joseph have been completely abandoned.

The emperor will spend six months in almost absolute retirement, only attending to state business and not going even for the usual autumn deer shooting.

A GREAT EVENT

Will Be Willie Collier In "The Man From Mexico."

The Elks are making suitable preparations for their annual benefit which will this year be held at the Grand, the play being "The Man From Mexico."

Many comedies come and go during the course of a theatrical season, and are soon forgotten, but it is safe to say that those who have witnessed "The Man From Mexico" will remember the event for many a long day. Certainly no comedy seen here for years has afforded such wide scope for laughter and amusement. It is filled with laughs from the rise to the fall of the curtain, and the rapidity with which one ludicrous situation follows the other gives the audience no time for thought. *

That Glass Plant May Yet Be Built In East End.

The parties who are soliciting funds for the new glass plant, which it is proposed to build in East End, have not given up all hope of securing the necessary \$700 needed to complete the \$8,500 bonus.

The committee spent yesterday afternoon in East End and received a great deal of encouragement, and it is thought the amount will be raised in that part of the city. They are very anxious to get the matter closed up in order that work may be commenced upon the foundation for the plant.

READY FOR BATTLE.

Liverpool Will Play For the County Championship.

The Salem, Lisbon and Wellsville ball teams are at present engaged in a dispute as to which team is the champion of the county.

There is no need of argument, as the East Liverpool club claim the distinction, and are sure they would have no trouble in defeating the pick of the three clubs for fun or money.

COMMITTEE TO WORK A WEEK

Then Another Meeting Will Be Called,
and the Ladies of the Hospital Associa-
tion Will Endeavor to Decide on a Tem-
porary Location.

An unusually important meeting of the Hospital association was held yesterday afternoon in the parlors at the Young Men's Christian association, and while there was much discussion no site for the hospital was selected.

The committee recently appointed reported that they had viewed a number of places and had taken others under consideration. They were acting on the instructions that the association only desired to lease suitable quarters in which a hospital could be established. The report was fully discussed, but the ladies could arrive at no satisfactory conclusion, and the committee were continued with instructions to further extend their labors. Another meeting will be held next week when they will report.

It is the determination of the association to push the plans for a temporary hospital with vigor, all believing the city will come to their aid liberally when they see the work that can be accomplished. There are a number of available buildings in sight, but the ladies desire to make a thorough search in order that they may have no serious errors to their credit.

REFORM JEWISH SERVICES.

They Will Be Held Tonight and Tomor-
row Morning.

The Jewish people of the city will observe the festival of the New Year 5,659 beginning this evening at 6 o'clock, and ending tomorrow evening at the same time.

The opening Reform Jewish service will be conducted this evening at 8 o'clock in Odd Fellows hall, and another will be held tomorrow morning at 10 o'clock. Rabbi Mielziner, of Cincinnati, will officiate, and a cordial invitation is extended to all to be present. All business places conducted by Jewish people will be closed until 6 o'clock tomorrow evening.

The next festival is the Day of Atonement. It too will be observed.

Presbyterian Ladies Have Two Memorials
For Mrs. Lee.

When the announcement was made yesterday that the ladies of the First Presbyterian church had decided on a scholarship at the colored school in West Point, Miss., as a memorial for the late Mrs. Lee, another important matter in connection with the subject was not mentioned.

Some time ago the ladies of the missionary society decided to furnish a room at the institution and place in it a suitable memorial tablet. That plan in no way conflicts with the scholarship, and both will be maintained as memorials of the estimable lady to which they all were so deeply attached.

THE NEW PACKET

Was Launched Yesterday Afternoon at Marietta.

The new side-wheel steamer being built by Capt. Dana Scott to be run in the Pittsburg and Louisville trade was launched from the Marietta ways yesterday afternoon at 3 o'clock.

The boat has been named City of Pittsburg, and will be the largest and finest steamer on the Ohio river. The boat is 280 feet long and 40-foot wide hull, and at the wheel house it is 80.8 feet. Its machinery will be very powerful, and will draw about 32 inches of water. It is expected the boat will be completed in December, and make its first trip in January.

On the River.

The river remains at the same stage as yesterday, the marks at the wharf registering the same.

The light draught packet Argand passed up last night, going to Pittsburg. It is the first trip north this packet made this year. The boat will be down to night.

Italian Marriage Brokers.

In Genoa there are regular marriage brokers who have lists of marriageable girls of the different classes with notes of their personal attractions, fortunes and circumstances. These brokers go about endeavoring to arrange connections in the same off hand way that they would a merchandise transaction. Marriages there are more often a simple matter of business calculation, generally settled by the relatives, who often draw up the contract before the parties have seen each other. It is only when everything has been arranged and

a few days previous to the marriage ceremony that the future husband is introduced to his intended wife. Should he find fault with her manners and appearance he may annul the contract on condition of defraying the brokerage and any other expenses incurred.

WELLSVILLE.

BANQUETING THE BOYS

Wellsville Has Set Next Thursday Evening

AS THE TIME FOR THE EVENT

Committees Are Hard at Work, and Will Have Everything In Readiness—Captain Todd's Boats Were All Right—News of Wellsville.

Wellsville is preparing to give the soldiers of Company E a great reception, now that the time has been set.

The conference with Captain Hill yesterday resulted in the selection of next Thursday evening as the time, and upon Mr. Lloyd's return to town he made the news known. It spread rapidly, and Wellsville became very enthusiastic at once. The banquet will be held in city hall, and the boys, attended by 20 waiters, will eat to the music of Starrett's orchestra. One baker, when asked what his contribution would be, said he wanted to give half the bread needed. Other responses have been equally liberal.

The following ladies are soliciting: Mrs. J. C. Nicholson, Mrs. C. R. Arnold, Mrs. George Clark, Mrs. Everson, Mrs. Lloyd, Mrs. Anderson, Mrs. Charles McGregor, Mrs. Welsh, Mrs. Johnston, Mrs. Barnes, Mrs. Daughaday. Mrs. Crossman.

The Grand Army, Sons of Veterans and Relief Corps have charge of arrangements.

Captain Todd's Success.

A Pittsburgh paper of this morning says:

"Capt. John Todd, a former well known steamboatman, but who for a number of years has been giving the most of his time to his farm on the Ohio river, a short distance below Wellsville, was in the city yesterday. Captain Todd superintended the building at Vancouver, British possessions, last winter of three boats for James Rees & Sons, of this city, who built the machinery. These new boats were for Yukon river, and Captain Todd is in possession of advices that they reached the Yukon early in July. Captain Todd says if he was not so well advanced in years he would like to build a big stern wheeler of 2,000 or 2,200 tons capacity for the Pittsburgh and New Orleans trade. Captain Todd boated on the Upper Missouri river for a number of years, and prior to that he commanded several boats in the Pittsburgh, Cincinnati and St. Louis trade."

Holloway Getting Well.

While T. A. Lloyd was in East Liverpool yesterday afternoon conferring with Captain Hill in regard to the proposed banquet to Company E, word came from headquarters that Private Ed Holloway was beginning to improve, and to send some one to bring him home as he would be able to travel by Monday next, if all went well. Mr. Lloyd was able to tell them that Wellsville had already attended to that, as his mother was on her way, and has by this time reached his bedside. Now his many friends hope they will soon be able to greet him.

Toronto Defeated Without
* Serious Playing.

THEY ONLY MADE TWO RUNS

While the Liverpool Boys Hit the Ball, Took Advantage of the Mistakes Made by the Visitors, and Scored Thirteen Times.

The local ball team yesterday afternoon easily defeated the Toronto club by a score of 13 to 2.

The club from down the river, a short time ago with the assistance of an umpire, defeated the local team by an overwhelming score, but their defeat of yesterday caused them to think a great deal more of the ability of the ball players of this city.

The contest was too one sided to be interesting, and the only features were the fielding of Rark and a throw by Barker from deep left to first base. McNicol covered short for the visitors and played a miserable game.

The contest opened with Toronto at bat, and they scored one run on a three base hit by Salmon and an error by Smurthwaite. Liverpool scored three in their half on a hit, three bases on balls and an error by McNicol. Toronto drew a goose egg in the second and Liverpool scored one on a home run by Clark. Both teams were shut out in the third, and Toronto did not score until the seventh when they made their last run on an error by Godwin. Liverpool made three in the fourth on two hits and two errors by McNicol. They failed to score in the fifth, but in the sixth scored one on two hits and errors by McNicol and Daniels. In the seventh the balloon went up, and they scored five on three hits, one base on balls, two wild pitches and an error by Troy. They were shut out in the eighth.

DEPUTY WALTER SUPPLEE.

Good Words For a Leading Candidate For Sheriff.

The following from the Lisbon Journal of Sept. 12 shows the high esteem in which Deputy W. C. Supplee is held at the county seat:

"The Republican county primaries next spring promise to be interesting. A hot fight will be made for representative and sheriff. Lisbon, so far, has no candidate for representative, but has a candidate for sheriff in the person of Walter Supplee. His ability as an officer, and the experience he has had as deputy sheriff for two terms under Sheriff Gill, will add materially to his claim upon the party. Walter has always been a staunch Republican and a party worker. Since his residence in this city he has made many warm friends, and Center township will no doubt give him a handsome majority. While there will likely be a number of good men enter the race, none will be better qualified to fill the office than he."

WELLSVILLE.

BANQUETING THE BOYS

Wellsville Has Set Next Thursday Evening

AS THE TIME FOR THE EVENT

Committees Are Hard at Work, and Will Have Everything In Readiness—Captain Todd's Boats Were All Right—News of Wellsville.

Wellsville is preparing to give the soldiers of Company E a great reception, now that the time has been set.

The conference with Captain Hill yesterday resulted in the selection of next Thursday evening as the time, and upon Mr. Lloyd's return to town he made the news known. It spread rapidly, and Wellsville became very enthusiastic at once. The banquet will be held in city hall, and the boys, attended by 20 waiters, will eat to the music of Starrett's orchestra. One baker, when asked what his contribution would be, said he wanted to give half the bread needed. Other responses have been equally liberal.

The following ladies are soliciting: Mrs. J. C. Nicholson, Mrs. C. R. Arnold, Mrs. George Clark, Mrs. Everson, Mrs. Lloyd, Mrs. Anderson, Mrs. Charles McGregor, Mrs. Welsh, Mrs. Johnston, Mrs. Barnes, Mrs. Daughaday, Mrs. Crossman.

The Grand Army, Sons of Veterans and Relief Corps have charge of arrangements.

Captain Todd's Success.

A Pittsburg paper of this morning says:

"Capt. John Todd, a former well known steamboatman, but who for a number of years has been giving the most of his time to his farm on the Ohio river, a short distance below Wellsville, was in the city yesterday. Captain Todd superintended the building at Vancouver, British possessions, last winter of three boats for James Rees & Sons, of this city, who built the machinery. These new boats were for Yukon river, and Captain Todd is in possession of advice that they reached the Yukon early in July. Captain Todd says if he was not so well advanced in years he would like to build a big stern wheeler of 2,000 or 2,200 tons capacity for the Pittsburg and New Orleans trade. Captain Todd boated on the Upper Missouri river for a number of years, and prior to that he commanded several boats in the Pittsburg, Cincinnati and St. Louis trade."

Holloway Getting Well.

While T. A. Lloyd was in East Liverpool yesterday afternoon conferring with Captain Hill in regard to the proposed banquet to Company E, word came from headquarters that Private Ed Holloway was beginning to improve, and to send some one to bring him home as he would be able to travel by Monday next, if all went well. Mr. Lloyd was able to tell them that Wellsville had already attended to that, as his mother was on her way, and has by this time reached his bedside. Now his many friends hope they will soon be able to greet him.

Toronto Defeated Without

THEY ONLY MADE TWO RUNS

While the Liverpool Boys Hit the Ball, Took Advantage of the Mistakes Made by the Visitors, and Scored Thirteen Times.

The local ball team yesterday afternoon easily defeated the Toronto club by a score of 13 to 2.

The club from down the river, a short time ago with the assistance of an umpire, defeated the local team by an overwhelming score, but their defeat of yesterday caused them to think a great deal more of the ability of the ball players of this city.

The contest was too one sided to be interesting, and the only features were the fielding of Rark and a throw by Barker from deep left to first base. McNicol covered short for the visitors and played a miserable game.

The contest opened with Toronto at bat, and they scored one run on a three base hit by Salmon and an error by Smurthwaite. Liverpool scored three in their half on a hit, three bases on balls and an error by McNicol. Toronto drew a goose egg in the second and Liverpool scored one on a home run by Clark. Both teams were shut out in the third, and Toronto did not score until the seventh when they made their last run on an error by Godwin. Liverpool made three in the fourth on two hits and two errors by McNicol. They failed to score in the fifth, but in the sixth scored one on two hits and errors by McNicol and Daniels. In the seventh the balloon went up, and they scored five on three hits, one base on balls, two wild pitches and an error by Troy. They were shut out in the eighth. The score:

DEPUTY WALTER SUPPLEE.

Good Words For a Leading Candidate For Sheriff.

The following from the Lisbon Journal of Sept. 12 shows the high esteem in which Deputy W. C. Supplee is held at the county seat:

"The Republican county primaries next spring promise to be interesting. A hot fight will be made for representative and sheriff. Lisbon, so far, has no candidate for representative, but has a candidate for sheriff in the person of Walter Supplee. His ability as an officer, and the experience he has had as deputy sheriff for two terms under Sheriff Gill, will add materially to his claim upon the party. THE soldiers who are leaving the country for garrison duty in Porto Rico do not go with long faces and empty stomachs. They know Uncle Sam has learned some lessons.

TWO PROMINENT Summit county men who wanted to go to congress have withdrawn in favor of Colonel Dick. There are other indications which show the Eighth Ohio's second officer will attain his ambition.

SOME individual recently suggested that Spanish be taught in the public schools because a portion of this nation's subjects speak the language, and Chicago and San Francisco began to consider the question seriously. They only waste time which could be more profitably employed. Instead of teaching Spanish in the United States we should teach English in the colonies. Then civilization will advance.

THE attack upon General Alger is rapidly narrowing down to political capital for the Democratic party, it having been demonstrated that the organization in question is without any other issue. But could the opponents of the secretary have done better? Is there one among them who could have filled the position in time of war? Evidently not, as least the people have not thought enough of their abilities to give them a trial.

THAT man Blanco, whose name, by the way, when translated means White, cannot refrain from abusing the American people. Knowing that he is now safe from harm, he has himself interviewed as often as a correspondent can be found to listen to his senseless jargon. His last is the expressed belief that the day the Stars and Stripes will fly from the ramparts of Havana will mark the decay of the nation they represent. Blanco should wear a porous plaster.

OLD TAPE.

The red tape which surrounds the military commission sent to Havana and which has hampered so many movements during the war, does not belong alone to President McKinley's administration. It is simply a system which has become law through custom, and is therefore doubly hard to break. Every President has felt its force, and scores of officers in army and navy have cursed its existence, but it was established, and since congress alone could make the desired change, nothing was done. Perhaps the lessons of the past few months will spread beyond the confines of the army and navy departments, and finding their way to the direct representatives of the people, cause some man to rise in righteous indignation against the system. Until it is done there can be no relief, for the senate has too many other matters, which it considers important, to take up its time.

Red tape is certainly a good thing, that is in quantities suited to the occasion, but when it wraps its folds about men who could at times be useful, and renders them helpless when they are most needed, there should be some means of legally lessening its dangerous strength.

IT IS WEYBRECHT

The Major Nominated at Alliance Today.

COLUMBIANA COUNTY DID IT

The First Ballot Was a Complimentary Vote For A. W. Taylor, of Salem, but on the Second 45 Went Over to the Army Officer and His Success Was Assured. Details of the Convention.

ALLIANCE, Sept. 16.—[Special]—All the prominent Democrats of the Eighteenth congressional district, and a great many that are not prominent, are crowding Alliance today, the occasion being the congressional convention. Every train this morning brought delegates, but there was no marked enthusiasm, except when the crowd came from Youngstown. Then the coldness of the occasion wore away, for with three exceptions Mahoning county was solid for John H. Morris. They put some life into the crowd.

According to a time honored custom there was something of a mild sensation soon after the crowd began to gather. It was the announcement that Major Weybrecht, of the Eighth Ohio, was a candidate before the convention. Then his friends began to hustle, and the manner in which they put in a telling stroke here and held up a delegate there showed how much they were in earnest. Throughout the day it was noticed that Major Weybrecht was the favorite with a great many delegates, at least their conversation was all in that direction. But the soldier did not have it all as he desired. Stark county Democracy is seldom a unit at the beginning of a convention, and this was no exception. The faction headed by Mayor Jimmy Rice, of Canton, was with him, while General Sherwood had some supporters in the delegation. Mahoning's men meantime were shouting for Morris.

The Columbian delegation organized early with J. J. Weisend chairman and Doctor Whan, of Columbian, secretary. Rickenberger was made a member of the committee of resolutions; William Morrow, permanent organization; E. E. Black, Salineville, rules; W. S. Potts, Lisbon, T. J. Forner, Wellsville and T. S. Arnold, Leetonia, congressional committee; Ed Speidel, Hanover, vice president.

Mr. Miller, of Columbian, was then permitted to make a few remarks. He pointed out the fact that while Columbian was very much in favor of Major Weybrecht and it held the balance of power in the convention it would not be wise to close up in a hurry, but let Mahoning for Morris and Stark for Sherwood have a chance. This course was adopted in the decision to cast the first ballot for A. W. Taylor, of Salem, who has often been a candidate, but is not this year in the field. Mr. Weisend, Mr. Plankinton and Mr. Litmer were the only accredited delegates from East Liverpool present.

The convention assembled in the old Methodist church, and to complete the surroundings prayer was delivered by Rev. W. M. Chamberlain. Chairman Walton called the meeting to order, and announced Mayor Moore of Youngstown, as temporary chairman. Of course he could not resist the temptation to make a speech, and among other things professed to believe the prospects for success very bright, and all should keep their shoulder to the wheel. He touched upon the war, and mentioned the "starving productions" who had returned home, ill with "Algerian fever." He thought the responsible parties should be brought to justice. The address created all kinds of enthusiasm.

Organization of counties was reported with the mayor as chairman of Mahoning delegation, and M. M. Gilson leading Stark. Then an adjournment was taken for half an hour, as it is the intention of Mahoning to rush matters through in order that they can go home this afternoon. There will be no recess for dinner.

WEYBRECHT NAMED.

He Was Nominated For Congress on the Second Ballot.

ALLIANCE, Sept. 16.—2:50 p. m.—[Special]—Chairman Moore called the convention to order this afternoon at 1:30 o'clock, and heard the reports of committees.

All delegations were reported complete with no contests, and the nominating speeches were limited to ten minutes.

Attorney Pomerene, of Canton, reported for the committee on resolutions. The document is long, and reaffirms the principles of the last national and state

WAS AFTER A SOLDIER

But John Brown Fell Into the Hands of the Law.

HEAVY SENTENCE GIVEN TODAY

Mayor Bough Believed the Offense Was Worth Twenty-five Dollars and Costs. He Was Released, but the Amount Will Be Paid.

Mayor Bough this morning had only one case to hear when he came to his office, but that one case was large enough to make up for several small ones.

conventions, suggesting that whenever practical the people be allowed to express themselves on measures of public policy. It says the war was used for the advancement of political friends of the administration without regard to fitness; that soldiers were the victims of schemers and hucksters. It commends the patriotism of volunteers, and condemns threats against those who criticize superior officers. It also declares for the free and unlimited coinage of gold and silver at a ratio of 16 to 1, asking the party to return to the principles as laid down by Jefferson and Bryan.

The resolutions were adopted with a rush, and Chairman Moore presented the name of J. H. Morris. Mayor Rice spoke for Major Weybrecht, and W. S. Potts seconded the last nomination. The balloting was as follows:

First—Taylor 50, Sherwood 22, Weybrecht 73, Morris 55.

Second—Taylor 1, Sherwood 23½, Weybrecht 110½, Morris 63.

Major Weybrecht was nominated by the 45 votes from Columbian. He was brought into the church, and accepted the nomination in a neat speech and amid the wildest enthusiasm.

WELL KNOWN PEOPLE

Wandered About the Lower Part of the City.

A mild sensation was created in the lower part of the city last night, and caused some talk on Smoky today because well known young men and women were seen loitering in that part of town.

The conversation is said to have been anything but edifying, and the matter may be reported to the police.

MOBBED TORAL.

The General Was Not Pleasantly Received In Spain.

MADRID, Sept. 16.—[Special]—General Toral, who surrendered the Spanish army at Santiago, arrived at Vigo today. He was met by a mob, among the people being some prominent men, and driven back to the steamer.

It is not known whether he was hurt.

After Five Years' Sickness She Views the City Again.

We mentioned in these columns a few days ago the wonderful advancement toward recovery of Mrs. Harry Gaston, the well known and highly respected lady who had been sick and confined to her home in this city for five years. We are pleased to state that she is now able to ride over the city, and Dr. Larkins confidently asserts that the improvement will continue to complete recovery. IT IS WEYBRECHT

The Major Nominated at Alliance Today.

COLUMBIANA COUNTY DID IT

The First Ballot Was a Complimentary Vote For A. W. Taylor, of Salem, but on the Second 45 Went Over to the Army Officer and His Success Was Assured. Details of the Convention.

ALLIANCE, Sept. 16—[Special]—All the prominent Democrats of the Eighteenth congressional district, and a great many that are not prominent, are crowding Alliance today, the occasion being the congressional convention. Every train this morning brought delegates, but there was no marked enthusiasm, except when the crowd came from Youngstown. Then the coldness of the occasion wore away, for with three exceptions Mahoning county was solid for John H. Morris. They put some life into the crowd.

According to a time honored custom there was something of a mild sensation soon after the crowd began to gather. It was the announcement that Major Weybrecht, of the Eighth Ohio, was a candidate before the convention. Then his friends began to hustle, and the manner in which they put in a telling stroke here and held up a delegate there showed how much they were in earnest. Throughout the day it was noticed that Major Weybrecht was the favorite with a great many delegates, at least their conversation was all in that direction. But the soldiers did not have it all as he desired. Stark county Democracy is seldom a unit at the beginning of a convention, and this was no exception. The faction headed by Mayor Jimmy Rice, of Canton, was with him, while General Sherwood had some supporters in the delegation. Mahoning's men meantime were shouting for Morris.

The Columbiana delegation organized early with J. J. Weisend chairman and Doctor Whan, of Columbians, secretary. Rickenberger was made a member of the committee of resolutions; William Morrow, permanent organization; E. E. Black, Salineville, rules; W. S. Potts, Lisbon, T. J. Forner, Wellsville and T. S. Arnold, Leetonia, congressional committee; Ed Speidel, Hanover, vice president.

Mr. Miller, of Columbiana, was then permitted to make a few remarks. He pointed out the fact that while Columbiana was very much in favor of Major Weybrecht and it held the balance of power in the convention it would not be wise to close up in a hurry, but let Mahoning for Morris and Stark for Sherwood have a chance. This course was adopted in the decision to cast the first ballot for A. W. Taylor, of Salem, who has often been a candidate, but is not this year in the field. Mr. Weisend, Mr. Plankinton and Mr. Litner were the only accredited delegates from East Liverpool present.

The convention assembled in the old Methodist church, and to complete the surroundings prayer was delivered by Rev. W. M. Chamberlain. Chairman Walton called the meeting to order, and announced Mayor Moore of Youngstown, as temporary chairman. Of course he could not resist the temptation to make a speech, and among other things professed to believe the prospects for success very bright, and all should keep their shoulder to the wheel. He touched upon the war, and mentioned the "starving productions" who had returned home, ill with "Algerian fever." He thought the responsible parties should be brought to justice. The address created all kinds of enthusiasm.

Organization of counties was reported with the mayor as chairman of Mahoning delegation, and M. M. Gilson leading Stark. Then an adjournment was taken for half an hour, as it is the intention of Mahoning to rush matters through in order that they can go home this afternoon. There will be no recess for dinner.

WEYBRECHT NAMED.

He Was Nominated For Congress on the Second Ballot.

ALLIANCE, Sept. 16.—2:50 p. m.—[Special]—Chairman Moore called the convention to order this afternoon at 1:30 o'clock, and heard the reports of committees.

All delegations were reported complete with no contests, and the nominating speeches were limited to ten minutes.

Attorney Pomerene, of Canton, reported for the committee on resolutions. The document is long, and reaffirms the principles of the last national and state

WAS AFTER A SOLDIER

But John Brown Fell Into the Hands of the Law.

HEAVY SENTENCE GIVEN TODAY

Mayor Bough Believed the Offense Was Worth Twenty-five Dollars and Costs. He Was Released, but the Amount Will Be Paid.

Mayor Bough this morning had only one case to hear when he came to his office, but that one case was large enough to make up for several small ones.

Yesterday afternoon John Brown was arrested by Officer Terrence and taken to jail in the patrol, where he was charged with being drunk and disorderly. John, it seems, does not like anyone who wears a blue uniform, and as a result wanted to fight every member of Company E whom he saw. One of these boys was walking in lower Market street when John put his head out of a door in Allison's stable and commenced to call the soldier bad names. There was trouble in sight for John, as not less than five other boys dressed in blue were standing on the corner. A woman came along, told the soldier boy he possessed a lot of good sense, and locked Brown in the stable, and the crowd, which numbered about 100 people, went away. John got noisy again, which resulted in his arrest. In jail he was also very noisy.

This morning Mayor Bough heard his story and then fined him \$25 and costs, amounting to \$29.60. He told Brown that if he was caught in an intoxicated condition again an execution would be issued and he would be sent to the works. In other words, he was released on parole.

Four boys were brought to jail last night by Officer White. They gave their names as Samuel Young, Eddie White, Robert Cooley and Hunter Allison. Another boy named Gill moved from the city yesterday, as he was also wanted. The boys were around the Second Presbyterian church last Monday night during a festival, and one of them threw a stone through the window. It was the intention of the officer to bring them to jail in the patrol, but a street car was used instead. The boys were all chewing gum and had dirty faces. The mayor heard their story, and at first thought of sending them away, but gave them a severe lecture and sent them home. Chief Johnson wanted them put in jail, but the mayor thought this plan could be used the next time they were brought in.

Several complaints were made yesterday, but the mayor decided not to have any of them published. It is possible something will be heard of them later.

HORSES' ACTIONS IN BATTLE

Some Keep Their Heads In the Mad Rush; Some Lose Them.

A man seldom cries out when hit in the turmoil of battle. It is the same with a horse. Five troopers out of six, when struck by a bullet, are out of their saddles within a minute. If hit in the breast or shoulder, up go their hands and they get a heavy fall; if in the leg or foot or arm, they fall forward and roll off. But even with a foot cut off by a jagged piece of shell a horse will not drop. It is only when shot through the head or heart that he comes down. He may be fatally wounded, but he hobbles out of the fight to right or left and stands with drooping head until loss of blood brings him down. The horse that loses his rider and is un-wounded himself will continue to run with his set of fours until some movement throws him out. Then he goes galloping here and there, neighing with fear and alarm, but will not leave the field. In his racing about he may get among the dead and wounded, but he will dodge them, if possible, and in any case leap over them. When he has come upon three or four other riderless steeds, they "fall in" and keep together, as if for mutual protection, and the "rally" on the bugle may bring the whole of them into the ranks in a body.

A horse which has passed through a battle unwounded is fretful, sulky and nervous—the same as a man—for the next three or four days. His first battle is also the making or unmaking of him as a warhorse. If the nervous tension has been too great, he will become a bolter in the face of danger, and thereby become a danger in himself. If the test has not been beyond him, he will go into the next fight with head held high and flecks of foam blowing from his mouth as he thunders over the earth.—Washington Post.

HE SQUANDERED MILLIONS.

The Wildly Reckless Financial Career of Baron Albert Grant.

One of the most dramatic if not actually one of the largest failures, so far as the liabilities were concerned, was that of Baron Albert Grant of "Emma mine" notoriety. Grant was the uncrowned king of the financial world of his day and generation. He made millions almost as deftly as the late Mr. Barney Barnato, and he spent them right royally. He bought Leicester square and presented it, a free gift, to the people of London. He gave a dinner to nearly a thousand city magnates at a cost which was popularly reputed as a head, and which, in any event, undoubtedly established a record in extravagant dinner giving which has yet to be beaten.

And he started out to build a palace in Kensington which should "knock spots off" all other private residences, past, present or to come. Everything was got up regardless of expense. The ballroom walls were inset with panels of pink Italian marble, costing 800 guineas each. In the entrance hall were four pillars of porphyry, worth £4,000. The building was scarcely finished when the crash came, and it remained for long a brick and mortar white elephant on the hands of the trustees in bankruptcy. Eventually most of the interior fittings and decorations were disposed of piecemeal. The grand staircase, which had cost to build some £40,000, being acquired by the representatives of the late Mme. Tussaud for a trifling over a fourth of that sum. It now forms the main approach to the upper and principal suit of rooms of the new exhibition buildings in the Marylebone road.—London Mail.

Cats of Other Days.

The lot of the average nineteenth century cat does not compare favorably with that of its ancestors. Everybody knows that the early Egyptians held the cat sacred, and any one injuring a sacred animal was liable to severe punishment. Among the ancient laws of Wales was a statute which prohibited the slaughter of a cat under a curious penalty. The owner of the slaughtered animal held it by the tip of the tail, with its nose touching the floor, and the slayer had to give him, by way of compensation, as much wheat as would bury the entire animal out of sight. The grain was supposed to represent the amount that the owner would lose through the depredations of vermin by being deprived of the cat.

Saxony, Switzerland and other European countries also had laws enacted for the protection of cats, which were regarded of economic value. Now, however, pussy is simply a decorative domestic adjunct.

A Rhodes' Anecdote.

Here is a new anecdote about Cecil Rhodes: In 1884 he was severely attacked in the press, and notably by one journalist to whom he had given very considerable assistance.

"I do call that man a hound," said one of Mr. Rhodes' friends, "after all you have done for him."

Mr. Rhodes flushed up, and with one of his sudden though rare explosions burst out with, "Hound yourself! Do you think I wanted to bribe the man?"

UNION LABELS.

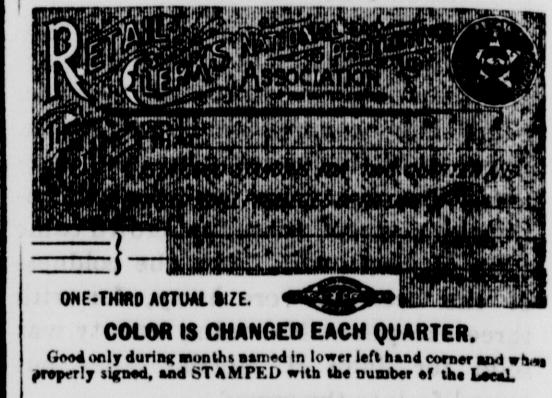

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

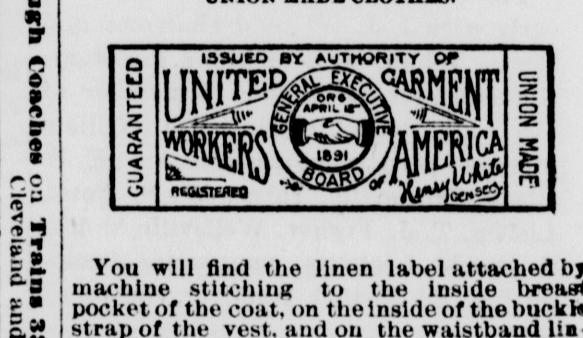

The Journeyman Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on our colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

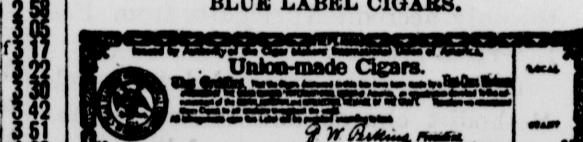

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

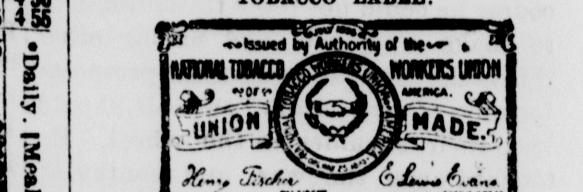

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

BLUD LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

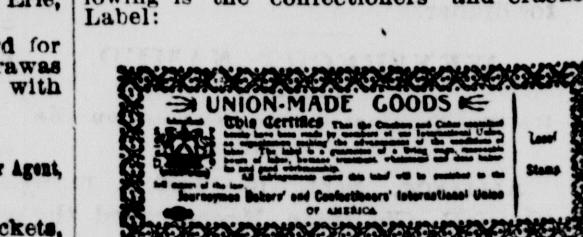

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

A Rhodes' Anecdote.

Here is a new anecdote about Cecil Rhodes: In 1884 he was severely attacked in the press, and notably by one journalist to whom he had given very considerable assistance.

"I do call that man a hound," said one of Mr. Rhodes' friends, "after all you have done for him."

Mr. Rhodes flushed up, and with one of his sudden though rare explosions burst out with, "Hound yourself! Do you think I wanted to bribe the man?"

A Peculiar Problem.

The Longbow gives some amusing pieces of Lewis Carroll's humor from the forgotten pages of Oxford pamphlets. During the election at Oxford in 1865 he gave vent to the following Euclidean definition:

"Plain superficiality is the character of a speech in which, any two points being taken, the speaker is found to lie wholly with regard to those two points."

A note is also given on the right appreciation of examiners: "A takes in ten books and gets a third class, B takes in the examiners and gets a second. Find the value of the examiners in terms of books; also their value in terms when no examination is held."

It is an old saying that those who were born in the last six months of the year will have a great change of experience every seventh year, and their dreams will have significance during the full of the moon.

A Peculiar Problem.

The Longbow gives some amusing pieces of Lewis Carroll's humor from the forgotten pages of Oxford pamphlets. During the election at Oxford in 1865 he gave vent to the following Euclidean definition:

"Plain superficiality is the character of a speech in which, any two points being taken, the speaker is found to lie wholly with regard to those two points."

A note is also given on the right appreciation of examiners: "A takes in ten books and gets a third class, B takes in the examiners and gets a second. Find the value of the examiners in terms of books; also their value in terms when no examination is held."

ELECTRIC LINE.

Chicago Men Are Here, and Think of Connecting Lisbon and Wellsville.

J. L. Francis and A. M. Faulk, of Chicago, arrived in the city yesterday afternoon and went direct to the office of H. A. McNicol, at the Dresden pottery, where they remained almost an hour. Different rumors as to their business soon became current.

They called on Mr. McNicol and questioned him regarding the price of land in this vicinity. He referred them to other parties in this section.

Today it became known that the gentlemen are at the head of a Chicago company who want to build an electric line from Lisbon to Liverpool. They have plenty of money, and if the investigation now being made will show that it can be made a paying venture the project will become a reality very soon.

14TH YEAR. NO. 84.

EAST LIVERPOOL, O., FRIDAY, SEPT. 16, 1898.

TWO CENTS

IDEA SEEMED GROWING

Frye's Rejoinder When Urged to Hold Philippines.

COMMISSION SAILS TOMORROW.

Expected to Leave Washington This Afternoon, Though Some May Wait Until Night—The Charges to Members Were Said Not to Be Ironbound.

WASHINGTON, Sept. 16.—The cabinet met in special session yesterday afternoon. All of the members were present, except Secretary Alger, who is not in the city. All united in the statement made after the meeting, that they had agreed to say nothing more of the result of the deliberations than that the peace commissioners had been fully instructed. Of the nature of these instructions they conveyed not a word.

Each one pointed out that to do so would be extremely impolitic and would amount to arming the Spanish commissioners in advance against themselves. The peace commissioners, who were approached on the subject, made a similar response, thus closing all official avenues of information.

It was said that the commissioners were "fully instructed," and upon seeking a further explanation of this phase it appeared that the cabinet had patiently gone over in the discussion with the commissioners every subject that in their opinion could be brought into the proceedings before the joint commission. On each of these the American commissioners were made acquainted with the views and wishes of the administration.

It is not to be understood from this that the commissioners go under iron-clad and unchangeable instructions at all points, for there is a certain amount of flexibility in the instructions also, as one of the cabinet members put it, the president might just as well have reduced his wishes to paper in the form of an ultimatum and have sent that to Paris by a messenger.

The peace commissioners are in no sense mere mouthpieces, but, having chosen with the greatest care and consideration five men in whom he puts the most implicit confidence, the president feels that they are to be trusted with the interests of the United States. It is not expected that they will have a free rein in the larger questions of policy, but, with ample opportunities for consultations by cable and otherwise, there is no reason why the commissioners should not be able to carry out the desires of the administration, and at the same time have the opportunity to somewhat shape those desires by conveying information they may acquire.

For instance, it is expected that at Paris the commissioners will meet General Merritt, fresh from Manila, and in addition they will have the benefit of a special report from Admiral Dewey. These will be of the greatest value for the commissioners are not acquainted with the Philippine question in detail, and even the information that is to be acquired from the Spanish peace commissioners is not to be despised, when it takes such an official form that it can be relied upon as to accuracy.

All the arrangements have been completed for the departure of the commission and its staff. Most of the party will leave Washington at 4 o'clock this afternoon for New York, but circumstances may detain some of the commissioners until the midnight train. The Campania sails tomorrow afternoon.

Senator Frye called at the war department yesterday afternoon and had a talk with Acting Secretary Meiklejohn. While they were together Representative William Alden Smith of Michigan, who is a member of the house committee on foreign affairs, joined them. In the course of a good natured exchange, Mr. Smith urged Senator Frye to hold on to the Philippines as an entirety as well as all other territory of which we were possessed as a result of the war. Mr. Frye diplomatically avoided committing himself, beyond remarking that this idea seemed to be growing. As Mr. Frye came from the department he was asked if he favored the retention of the Philippines, to which he replied:

"I never have given my views on that to any human being."

SPAIN MUST YIELD.

Statement by State Department Said This Would Be Made Clear to Spanish Peace Commissioners.

WASHINGTON, Sept. 16.—The state department last night gave out the following statement concerning the discussion between the members of the cabinet and the peace commission yesterday:

"The members of the peace commission, with the exception of Senator Gray, whose absence was due to his inability to withdraw as counsel in a case in which he was engaged sometime before his appointment as one of the peace commissioners, have spent the greater part of yesterday and today in a free discussion of the duties with the discharge of which they have been entrusted by the president. Senator Gray is expected during the evening, and be-

fore sailing will have a run conference with the president and his associates.

"While for obvious reasons it was determined that the nature of the instructions as to the negotiation about to be entered upon should for the present be kept secret and made known only after definite results shall have been reached, it is possible to state authoritatively that the commission goes to Paris fully prepared to follow a course of action mapped out for it, as the result of the consultation of the last two days.

"At the very outset it will be made clear to the Spanish commissioners that, as in the case of the preliminary protocol, there can be no deviation from or modification of the demands made by the United States.

"As previously announced the commission sails from New York on the Campania at 2 o'clock Saturday afternoon."

GOOD NEWS FROM OTIS.

The Withdrawal of Most of the Insurgents From the Suburbs of Manila Confirmed.

WASHINGTON, Sept. 16.—General Otis yesterday cabled the war department as follows:

"MAILA, Sept. 15.
Adjutant General, Washington:

"Affairs much more satisfactory. Demands for withdrawal of insurgent forces complied with and all withdrawn or withdrawing today, except small forces in outlying districts, which are not obeying insurgent leader. Aguinaldo requests few days in which withdraw them by detachments and punish their commanding officers. Over 2,000 already withdrawn. No concessions granted insurgents, but strict compliance with demand of 8th inst. required. General good feeling prevailing. Manila quiet and business progressing favorably. No difficulty anticipated. Have been compelled to confine Spanish prisoners temporarily within limits of walled city.

"OTIS, Commanding."

UNION VETERAN LEGION.

The National Encampment Elected Officers—Baltimore Selected For the Next Meeting.

WILLIAMSPORT, Pa., Sept. 16.—The thirteenth national encampment of the Union Veteran Legion came to an end yesterday afternoon with the election of officers.

For the place of meeting of the next national encampment Baltimore was selected.

The result of the election of officers was as follows:

National commander, W. S. Norcross, Lewiston, Me.; senior vice national commander, W. W. Brown, Washington; junior vice national commander, J. Ben Renner, Cincinnati; quartermaster general, Thomas J. Hubbard, Baltimore; chaplain-in-chief, Henry N. Couden, Washington; surgeon general, John T. Booth, Washington; executive committee, Joseph B. Knox, Worcester, Mass.; William A. Reilly, Wilmington, Del.; John D. Sheppard, Louisville; J. E. Minnick, Columbus; Benjamin N. Woodruff, Brooklyn.

A resolution was passed by a unanimous vote commanding President McKinley's conduct of the war.

WEST INDIAN HURRICANE.

Dispatches to British Colonial Office Said to Confirm Great Destruction Was Done.

LONDON, Sept. 16.—The dispatches received at the colonial office from the British authorities in the West Indies indicate as a whole earlier reports of the havoc wrought by the hurricane were very probably not exaggerated.

Financial aid is required to meet the distress.

People are flocking into Kingston, St. Vincent, from all the country round for shelter and food.

Sir Cornelius Moloney, governor of the Windward islands, cables that two vessels were sunk and that the fate of many others is unknown.

The governor of Barbados, Sir J. S. Hay, reports that the hurricane was of ten hours' duration. Already he has been officially notified of 61 deaths and of 31 persons seriously wounded. The reports from the country districts are incomplete, but there has been a heavy loss of government and private property. Assistance is urgently required.

TWO COUNTRIES CLOSELY BOUND.

STROUD, England, Sept. 16.—The chamber of commerce of this place entertained the delegates of the British Association for the Advancement of Science yesterday. John Chandler of Boston, in the course of his remarks, said that never in the history of Great Britain and America had the two countries been so closely bound together, and he expressed the belief that it would be impossible in the future to break this bond of union.

TROOPS ARRIVED AT CLEVELAND.

CLEVELAND, Sept. 16.—Troops A, B and C of the First Ohio volunteer cavalry arrived here over the Pennsylvania line from Huntsville, Ala., yesterday.

TENTS NOT PREPARED.

Camp Was Not Ready When Soldiers Arrived.

THE THIRD REACHED COLUMBUS.

City Officials and Citizens Then Made Arrangements to Furnish Shelter For the Night—Some of the First Ohio Cavalry Took Possession of a Train.

COLUMBUS, Sept. 16.—The Third Ohio regiment arrived here yesterday afternoon and last night from Huntsville, Ala., in four sections. The troops carried full equipment, which is to be turned over to the government at Camp Bushnell. Through some misunderstanding the camp was not ready to receive them. Captain Bachellor, the mustering officer, had made no arrangements for erection of tents, though plenty of them are stored in a temporary building on the grounds.

Colonel Anthony decided to dismiss the troops for the time being and did so, the men being left to shift for themselves. Arrangements were hastily made by city officials and citizens to shelter the troops in the city hall and at the Auditorium. The camp will probably be gotten in readiness for the regiment.

TOOK FORCIBLE POSSESSION.

Ohio Cavalrymen Hold Sleeping Cars and Ride Home In Them.

COLUMBUS, Sept. 16.—At the Union station last night about midnight Troops A, B and C, First Ohio cavalry, of Cleveland, took forcible possession of a train. The soldiers were brought in here from Huntsville, Ala., in tourist sleepers, but the contract only called for the cars as far as Columbus, so the Pennsylvania railroad ordered the Cleveland men out, that the cars might be returned to Cincinnati. The men refused, and when an engine was coupled on to the five cars an armed line of guards was thrown around the train.

Major Webb Hayes and District Passenger Agent J. M. Harris finally compromised the matter. The cars went through on a special O. A. & C. train.

OUT FOR INDEPENDENCE.

Gomez Alleged to Have Become an Advocate—Spaniards Said to Fear American Trade Competition.

HAVANA, Sept. 16.—The predominant feature of the situation is the feverish and widespread agitation of the Cubans in favor of the absolute independence of the islands at all costs.

Manifestoes are being circulated inviting the co-operation of Spanish residents and merchants to this end, and pointing out that either annexation or American protectorate would mean death to all trade with Spain in a couple of years.

General Maximo Gomez, who only a fortnight ago gave expression to extremely moderate views, counseling harmony and patience, now expresses himself as strongly in favor of "absolute independence or nothing."

It is said some Spaniards fear that the Americans would soon prove too much in trade competition for them in case of annexation.

WOLCOTT AND HIS FOES.

Referred to Towne as a Political Tramp. His Message to Silver Republicans.

DENVER, Sept. 16.—The state convention of the Republican party of Colorado was called to order at the Broadway theater by State Chairman J. L. Hodges yesterday morning.

United States Senator Edward O. Wolcott was unanimously elected temporary chairman. He said the convention at Colorado Springs showed that the price of the party which tried to steal the name and organization of the Republican party under the name of Silver Republicans was two or three places in the state house.

Referring to the division of the Silver Republican party he said that "a political tramp named Towne was called here from another state to tell Colorado voters how to conduct their convention."

The platform of the Silver Republicans was presided over by Senator Teller, Mr. Wolcott said, was devoted largely to vilification of the junior senator from Colorado. He wished to send them the message that when they had dug his political grave and buried him in it they could never write "renegade" over it.

Henry R. Wolcott, brother of the senator, was nominated for governor. Senator Wolcott's record was endorsed. The resolutions said the convention relied upon the national administration to settle questions growing out of the war properly. The administration of McKinley was endorsed. Bimetallism was declared for, but in the ranks of the party was said to be the place to break this bond of union.

BEATEN BY STRIKERS.

ST. LOUIS, Sept. 16.—William Kane was shot and mortally wounded and

Edward G. Jackson, his companion, was beaten into unconsciousness early yesterday by striking plasterers while on their way to work. Kane is in the city hospital dying, but Jackson will recover. Matt Brown and Joseph Lee have been identified as the assailants.

AT THE SUPREME MOMENT.

President Told Saratoga Convention Their Resolutions Arrived Before Final Instructions to Commissioners.

WASHINGTON, Sept. 16.—The committee representing the Saratoga conference on future foreign policy called on the president yesterday afternoon by appointment and presented an engrossed copy of the resolutions adopted at that conference and a memorial amplifying the different subjects touched upon.

The first remarks of the president, after reading the memorial by Chairman Rogers, were:

"GENTLEMAN—You came at the supreme moment. I will today give the peace commissioners their final instructions and you are here in time to have recommendation heard and considered before that is done."

The president, in closing a five-minutes' talk to the committee, said: "I propose to do the best I can with such knowledge and light as I have, and hope my acts in the matter will be approved by the deliberate judgment of mankind."

A DINNER TO COMMISSION.

The President Entertained Peace Commissioners and Others.

WASHINGTON, Sept. 16.—President McKinley gave a dinner at the White House last night to the members of the Spanish-American peace commission who are now in the city, except Senator Gray, who did not reach the city in time.

The guests included the following: Secretary of State Day, Senator Davis, Senator Frye, Hon. Whitelaw Reid, Secretary of the Navy Long, Secretary of the Treasury Gage, Attorney General Griggs, Postmaster General Emory Smith, Secretary of the Interior Bliss, Secretary of Agriculture Wilson, Hon. John W. Foster, Assistant Secretaries Moore and Adee of the state department and Adjutant General Corbin.

MAY BE 35,000 MEN.

Stated That Many Will Soon Be at Camp Meade—Health of Camp Improved.

CAMP MEADE, MIDDLETOWN, Pa., Sept. 16.—A member of General Graham's staff said yesterday that there would be 35,000 troops in camp within a fortnight. How long they will remain is an open question, although it is doubtful if they will get away before the middle of October. One division will be sent south to join General Fitzhugh Lee's army for duty in Cuba.

A special court will be convened for the trial of Major Charles R. Parke of Scranton, who is under arrest for neglecting to furnish descriptive lists of patients sent to Philadelphia hospitals from the Second division hospital, of which he was chief surgeon.

The equipment of the First division hospital at Camp Alger was shipped here yesterday in charge of Major Merriman. A detail of 30 men is still at the abandoned camp preparing the dispensary for shipment.

Captain Reuben M. Bonner of the Tenth Ohio has been appointed corps sanitary inspector. The health of the camp is excellent, except in the Fifteenth Pennsylvania regiment and the cases now being sent to the general hospitals are those which have developed since the troops came here. There are 50 cases of typhoid fever in the Second division hospital and 40 cases in the Red Cross hospital. Many of these are from the New York regiments which have come recently from Camp Black.

Private George F. Weddle, Company I, Fourteenth regiment, whose home is at McKeesport, fell from a freight train yesterday in Harrisburg and fractured his skull.

QUEEN VISITS SICK.

Spanish Queen Regent Makes Daily Trips to Returned Soldiers—The Latter Praised American Kindness.

MADRID, Sept. 16.—The queen regent pays daily visits to the sick soldiers who have returned from the colonies. She has ordered that the convalescents be conveyed in the royal carriages to the Casa del Campo, in the royal park, and is paying from her own purse for proper food for the invalids.

The correspondent here of The Associated Press has conversed with officers, invalids and others, who have returned from Santiago. They all extol the kindness of the Americans after the surrender. They do not display the slightest animosity against the Americans, but entertain bitter feelings against the Cubans.

BROUGHT SICK TO PHILADELPHIA.

PHILADELPHIA, Sept. 16.—The United States hospital ship Relief arrived here yesterday from Montauk Point with 250 sick soldiers on board. All the men are in good health, with the exception of about a dozen, who had to be carried from the steamer. They were quickly taken to hospitals.

RECEIVED IN VIENNA.

Remains of Empress Placed in Hofburg Chapel.

EMPEROR PRESENT AT BLESSING.

Enroute From the Depot Heads of Many People Were Bared—The Wreath From President McKinley Attracted Much Attention—Festivities Abandoned.

VIENNA, Sept. 16.—The funeral train with the empress' remains arrived last evening. Prince Von Liechtenstein, the chief court marshal, the officers of the general staff and a military guard of honor were waiting at the railway station, which was heavily draped with crepe.

The clergy having blessed the remains, the procession started for the Hofburg. The whole route was lined with troops and immense crowds, bare-headed, stood silently watching. The soldiers presented arms as the procession passed. The streets were imposingly decorated.

On reaching the Hofburg the remains were transferred to the chapel. Emperor Francis Joseph, with the principal mourners, had driven from Schonbrunn to the chapel to attend the ceremony of blessing the body.

After the benediction all departed except the emperor and the relatives, who remained alone with the beloved dead until shortly before midnight, when they returned to Schonbrunn.

Among the wreaths the one from President McKinley attracted much attention. It has the Stars and Stripes intertwined and bears the inscription: "From the president of the United States—a tribute of heartfelt sympathy to the memory of a noble and gracious lady."

All the festivities in connection with the jubilee of Emperor Francis Joseph have been completely abandoned.

The emperor will spend six months in almost absolute retirement, only attending to state business and not going even for the usual autumn deer shooting.

A GREAT EVENT

Will Be Willie Collier In "The Man From Mexico."

The Elks are making suitable preparations for their annual benefit which will this year be held at the Grand, the play being "The Man From Mexico."

Many comedies come and go during the course of a theatrical season, and are soon forgotten, but it is safe to say that those who have witnessed "The Man From Mexico" will remember the event for many a long day. Certainly no comedy seen here for years has afforded such wide scope for laughter and amusement. It is filled with laughs from the rise to the fall of the curtain, and the rapidity with which one ludicrous situation follows the other gives the audience no time for thought. *

NOT DISCOURAGED.

That Glass Plant May Yet Be Built In East End.

The parties who are soliciting funds for the new glass plant, which it is proposed to build in East End, have not given up all hope of securing the necessary \$700 needed to complete the \$3,500 bonus.

The committee spent yesterday afternoon in East End and received a great deal of encouragement, and it is thought the amount will be raised in that part of the city. They are very anxious to get the matter closed up in order that work may be commenced upon the foundation for the plant.

READY FOR BATTLE.

Liverpool Will Play For the County Championship.

The Salem, Lisbon and Wellsville ball teams are at present engaged in a dispute as to which team is the champion of the county.

There is no need of argument, as the East Liverpool club claim the distinction, and are sure they would have no trouble in defeating the pick of the three clubs for fun or money.

COMMITTEE TO WORK A WEEK

Then Another Meeting Will Be Called,
and the Ladies of the Hospital Associa-
tion Will Endeavor to Decide on a Tem-
porary Location.

An unusually important meeting of the Hospital association was held yesterday afternoon in the parlors at the Young Men's Christian association, and while there was much discussion no site for the hospital was selected.

The committee recently appointed reported that they had viewed a number of places and had taken others under consideration. They were acting on the instructions that the association only desired to lease suitable quarters in which a hospital could be established. The report was fully discussed, but the ladies could arrive at no satisfactory conclusion, and the committee were continued with instructions to further extend their labors. Another meeting will be held next week when they will report.

It is the determination of the association to push the plans for a temporary hospital with vigor, all believing the city will come to their aid liberally when they see the work that can be accomplished. There are a number of available buildings in sight, but the ladies desire to make a thorough search in order that they may have no serious errors to their credit.

REFORM JEWISH SERVICES.

They Will Be Held Tonight and Tomor-
row Morning.

The Jewish people of the city will observe the festival of the New Year 5,659 beginning this evening at 6 o'clock, and ending tomorrow evening at the same time.

The opening Reform Jewish service will be conducted this evening at 8 o'clock in Odd Fellows hall, and another will be held tomorrow morning at 10 o'clock. Rabbi Mielziner, of Cincinnati, will officiate, and a cordial invitation is extended to all to be present. All business places conducted by Jewish people will be closed until 6 o'clock tomorrow evening.

The next festival is the Day of Atonement. It too will be observed.

THERE IS ANOTHER.

Presbyterian Ladies Have Two Memorials
For Mrs. Lee.

When the announcement was made yesterday that the ladies of the First Presbyterian church had decided on a scholarship at the colored school in West Point, Miss., as a memorial for the late Mrs. Lee, another important matter in connection with the subject was not mentioned.

Some time ago the ladies of the missionary society decided to furnish a room at the institution and place in it a suitable memorial tablet. That plan in no way conflicts with the scholarship, and both will be maintained as memorials of the estimable lady to which they all were so deeply attached.

THE NEW PACKET

Was Launched Yesterday Afternoon at
Marietta.

The new side-wheel steamer being built by Capt. Dana Scott to be run in the Pittsburg and Louisville trade was launched from the Marietta ways yesterday afternoon at 3 o'clock.

The boat has been named City of Pittsburg, and will be the largest and finest steamer on the Ohio river. The boat is 280 feet long and 40-foot wide hull, and at the wheel house it is 80.8 feet. Its machinery will be very powerful, and will draw about 32 inches of water. It is expected the boat will be completed in December, and make its first trip in January.

On the River.

The river remains at the same stage as yesterday, the marks at the wharf registering the same.

The light draught packet Argand passed up last night, going to Pittsburg. It is the first trip north this packet made this year. The boat will be down to-night.

To the mothers of the children in our town, it would be a good idea for you to call and see the handsomest styles of caps ever brought to East Liverpool. The popular prices will surely afford you to buy them.

Italian Marriage Brokers.

In Genoa there are regular marriage brokers who have lists of marriageable girls of the different classes with notes of their personal attractions, fortunes and circumstances. These brokers go about endeavoring to arrange connections in the same off hand way that they would a merchandise transaction.

Marriages there are more often a simple matter of business calculation, generally settled by the relatives, who often draw up the contract before the parties have seen each other. It is only when everything has been arranged and

a few days previous to the marriage ceremony that the future husband is introduced to his intended wife. Should he find fault with her manners and appearance he may annul the contract on condition of defraying the brokerage and any other expenses incurred.

What Is Happiness?

I have come to see life not as the chase of a forever impossible personal happiness, but as a greed for endeavor toward the happiness of the whole human family. There is no other success.

WELLSVILLE.

BANQUETING THE BOYS

Wellsville Has Set Next Thursday Evening

AS THE TIME FOR THE EVENT

Committees Are Hard at Work, and Will Have Everything In Readiness—Captain Todd's Boats Were All Right—News of Wellsville.

Wellsville is preparing to give the soldiers of Company E a great reception, now that the time has been set.

The conference with Captain Hill yesterday resulted in the selection of next Thursday evening as the time, and upon Mr. Lloyd's return to town he made the news known. It spread rapidly, and Wellsville became very enthusiastic at once. The banquet will be held in city hall, and the boys, attended by 20 waiters, will eat to the music of Starrett's orchestra. One baker, when asked what his contribution would be, said he wanted to give half the bread needed. Other responses have been equally liberal.

The following ladies are soliciting: Mrs. J. C. Nicholson, Mrs. C. R. Arnold, Mrs. George Clark, Mrs. Everson, Mrs. Lloyd, Mrs. Anderson, Mrs. Charles McGregor, Mrs. Welsh, Mrs. Johnston, Mrs. Barnes, Mrs. Daughaday, Mrs. Crossman.

The Grand Army, Sons of Veterans and Relief Corps have charge of arrangements.

Captain Todd's Success.

A Pittsburg paper of this morning says:

"Capt. John Todd, a former well known steamboatman, but who for a number of years has been giving the most of his time to his farm on the Ohio river, a short distance below Wellsville, was in the city yesterday. Captain Todd superintended the building at Vancouver, British possessions, last winter of three boats for James Rees & Sons, of this city, who built the machinery. These new boats were for Yukon river, and Captain Todd is in possession of advices that they reached the Yukon early in July. Captain Todd says if he was not so well advanced in years he would like to build a big stern wheeler of 2,000 or 2,200 tons capacity for the Pittsburg and New Orleans trade. Captain Todd boated on the Upper Missouri river for a number of years, and prior to that he commanded several boats in the Pittsburg, Cincinnati and St. Louis trade."

Holloway Getting Well.

While T. A. Lloyd was in East Liverpool yesterday afternoon conferring with Captain Hill in regard to the proposed banquet to Company E, word came from headquarters that Private Ed Holloway was beginning to improve, and to send some one to bring him home as he would be able to travel by Monday next, if all went well. Mr. Lloyd was able to tell them that Wellsville had already attended to that, as his mother was on her way, and has by this time reached his bedside. Now his many friends hope they will soon be able to greet him.

Toronto Defeated Without
* Serious Playing.

THEY ONLY MADE TWO RUNS

While the Liverpool Boys Hit the Ball, Took Advantage of the Mistakes Made by the Visitors, and Scored Thirteen Times.

The local ball team yesterday afternoon easily defeated the Toronto club by a score of 13 to 2.

The club from down the river, a short time ago with the assistance of an umpire, defeated the local team by an overwhelming score, but their defeat of yesterday caused them to think a great deal more of the ability of the ball players of this city.

The contest was too one sided to be interesting, and the only features were the fielding of Rark and a throw by Barker from deep left to first base. McNicol covered short for the visitors and played a miserable game.

The contest opened with Toronto at bat, and they scored one run on a three base hit by Salmon and an error by Smurthwaite. Liverpool scored three in their half on a hit, three bases on balls and an error by McNicol. Toronto drew a goose egg in the second and Liverpool scored one on a home run by Clark. Both teams were shut out in the third, and Toronto did not score until the seventh when they made their last run on an error by Godwin. Liverpool made three in the fourth on two hits and two errors by McNicol. They failed to score in the fifth, but in the sixth scored one on two hits and errors by McNicol and Daniels. In the seventh the balloon went up, and they scored five on three hits, one base on balls, two wild pitches and an error by Troy. They were shut out in the eighth. The score:

DEPUTY WALTER SUPPLEE.

Good Words For a Leading Candidate For Sheriff.

The following from the Lisbon Journal of Sept. 12 shows the high esteem in which Deputy W. C. Supplee is held at the county seat:

"The Republican county primaries next spring promise to be interesting. A hot fight will be made for representative and sheriff. Lisbon, so far, has no candidate for representative, but has a candidate for sheriff in the person of Walter Supplee. His ability as an officer, and the experience he has had as deputy sheriff for two terms under Sheriff Gill, will add materially to his claim upon the party. Walter has always been a staunch Republican and a party worker. Since his residence in this city he has made many warm friends, and Center township will no doubt give him a handsome majority. While there will likely be a number of good men enter the race, none will be better qualified to fill the office than he."

THE soldiers who are leaving the country for garrison duty in Porto Rico do not go with long faces and empty stomachs. They know Uncle Sam has learned some lessons.

TWO PROMINENT Summit county men who wanted to go to congress have withdrawn in favor of Colonel Dick. There are other indications which show the Eighth Ohio's second officer will attain his ambition.

SOME individual recently suggested that Spanish be taught in the public schools because a portion of this nation's subjects speak the language, and Chicago and San Francisco began to consider the question seriously. They only waste time which could be more profitably employed. Instead of teaching Spanish in the United States we should teach English in the colonies. Then civilization will advance.

THE attack upon General Alger is rapidly narrowing down to political capital for the Democratic party, it having been demonstrated that the organization in question is without any other issue. But could the opponents of the secretary have done better? Is there one among them who could have filled the position in time of war? Evidently not, as least the people have not thought enough of their abilities to give them a trial.

THAT man Blanco, whose name, by the way, when translated means White, cannot refrain from abusing the American people. Knowing that he is now safe from harm, he has himself interviewed as often as a correspondent can be found to listen to his senseless jargon. His last is the expressed belief that the day the Stars and Stripes will fly from the ramparts of Havana will mark the decay of the nation they represent. Blanco should wear a poros plaster.

OLD TAPE.

The red tape which surrounds the military commission sent to Havana and which has hampered so many movements during the war, does not belong alone to President McKinley's administration. It is simply a system which has become law through custom, and is therefore doubly hard to break. Every President has felt its force, and scores of officers in army and navy have cursed its existence, but it was established, and since congress alone could make the desired change, nothing was done. Perhaps the lessons of the past few months will spread beyond the confines of the army and navy departments, and finding their way to the direct representatives of the people, cause some man to rise in righteous indignation against the system. Until it is done there can be no relief, for the senate has too many other matters, which it considers important, to take up its time.

Red tape is certainly a good thing, that is in quantities suited to the occasion, but when it wraps its folds about men who could at times be useful, and renders them helpless when they are most needed, there should be some means of legally lessening its dangerous strength.

IT IS WEYBRECHT

The Major Nominated at Alliance Today.

COLUMBIANA COUNTY DID IT

The First Ballot Was a Complimentary Vote For A. W. Taylor, of Salem, but on the Second 45 Went Over to the Army Officer and His Success Was Assured. Details of the Convention.

ALLIANCE, Sept. 16—[Special]—All the prominent Democrats of the Eighteenth congressional district, and a great many that are not prominent, are crowding Alliance today, the occasion being the congressional convention. Every train this morning brought delegates, but there was no marked enthusiasm, except when the crowd came from Youngstown. Then the coldness of the occasion wore away, for with three exceptions Mahoning county was solid for John H. Morris. They put some life into the crowd.

According to a time honored custom there was something of a mild sensation soon after the crowd began to gather. It was the announcement that Major Weybrecht, of the Eighth Ohio, was a candidate before the convention. Then his friends began to hustle, and the manner in which they put in a telling stroke here and held up a delegate there showed how much they were in earnest. Throughout the day it was noticed that Major Weybrecht was the favorite with a great many delegates, at least their conversation was all in that direction. But the soldier did not have it all as he desired. Stark county Democracy is seldom a unit at the beginning of a convention, and this was no exception. The faction headed by Mayor Jimmy Rice, of Canton, was with him, while General Sherwood had some supporters in the delegation. Mahoning's men meantime were shouting for Morris.

The Columbian delegation organized early with J. J. Weisend chairman and Doctor Whan, of Columbian, secretary. Rickenberger was made a member of the committee of resolutions; William Morrow, permanent organization; E. E. Black, Salineville, rules; W. S. Potts, Lisbon, T. J. Forner, Wellsville and T. S. Arnold, Leetonia, congressional committee; Ed Speidel, Hanover, vice president.

Mr. Miller, of Columbian, was then permitted to make a few remarks. He pointed out the fact that while Columbian was very much in favor of Major Weybrecht and it held the balance of power in the convention it would not be wise to close up in a hurry, but let Mahoning for Morris and Stark for Sherwood have a chance. This course was adopted in the decision to cast the first ballot for A. W. Taylor, of Salem, who has often been a candidate, but is not this year in the field. Mr. Weisend, Mr. Plankinton and Mr. Litmer were the only accredited delegates from East Liverpool present.

The convention assembled in the old Methodist church, and to complete the surroundings prayer was delivered by Rev. W. M. Chamberlain. Chairman Walton called the meeting to order, and announced Mayor Moore of Youngstown, as temporary chairman. Of course he could not resist the temptation to make a speech, and among other things professed to believe the prospects for success very bright, and all should keep their shoulder to the wheel. He touched upon the war, and mentioned the "starving productions" who had returned home, ill with "Algerian fever." He thought the responsible parties should be brought to justice. The address created all kinds of enthusiasm.

Organization of counties was reported with the mayor as chairman of Mahoning delegation, and M. M. Gilson leading Stark. Then an adjournment was taken for half an hour, as it is the intention of Mahoning to rush matters through in order that they can go home this afternoon. There will be no recess for dinner.

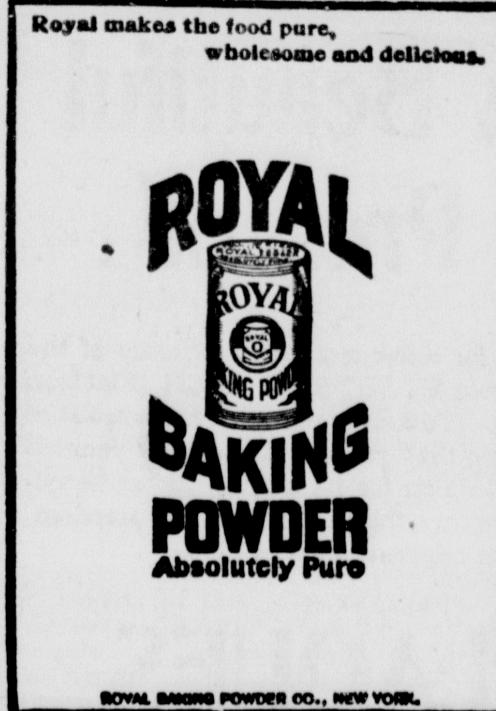

WEYBRECHT NAMED.

He Was Nominated For Congress on the Second Ballot.

ALLIANCE, Sept. 16.—2:50 p. m.—[Special]—Chairman Moore called the convention to order this afternoon at 1:30 o'clock, and heard the reports of committees.

All delegations were reported complete with no contests, and the nominating speeches were limited to ten minutes.

Attorney Pomerene, of Canton, reported for the committee on resolutions. The document is long, and reaffirms the principles of the last national and state

HEAVY SENTENCE GIVEN TODAY

conventions, suggesting that whenever practical the people be allowed to express themselves on measures of public policy. It says the war was used for the advancement of political friends of the administration without regard to fitness; that soldiers were the victims of schemers and hucksters. It commends the patriotism of volunteers, and condemns threats against those who criticize superior officers. It also declares for the free and unlimited coinage of gold and silver at a ratio of 16 to 1, asking the party to return to the principles as laid down by Jefferson and Bryan.

The resolutions were adopted with a rush, and Chairman Moore presented the name of J. H. Morris. Mayor Rice spoke for Major Weybrecht, and W. S. Potts seconded the last nomination. The balloting was as follows:

First—Taylor 50, Sherwood 22, Weybrecht 73, Morris 55.

Second—Taylor 1, Sherwood 23½, Weybrecht 110½, Morris 63.

Major Weybrecht was nominated by the 45 votes from Columbian. He was brought into the church, and accepted the nomination in a neat speech and amid the wildest enthusiasm.

HORSES' ACTIONS IN BATTLE

Some Keep Their Heads In the Mad Rush; Some Lose Them.

A man seldom cries out when hit in the turmoil of battle. It is the same with a horse. Five troopers out of six, when struck by a bullet, are out of their saddles within a minute. If hit in the breast or shoulder, up go their hands and they get a heavy fall; if in the leg or foot or arm, they fall forward and roll off. But even with a foot cut off by a jagged piece of shell a horse will not drop. It is only when shot through the head or heart that he comes down. He may be fatally wounded, but he hobbles out of the fight to right or left and stands with drooping head until loss of blood brings him down. The horse that loses his rider and is unwounded himself will continue to run with his set of fours until some movement throws him out. Then he goes galloping here and there, neighing with fear and alarm, but will not leave the field. In his racing about he may get among the dead and wounded, but he will dodge them, if possible, and in any case leap over them. When he has come upon three or four other riderless steeds, they "fall in" and keep together, as if for mutual protection, and the "rally" on the bugle may bring the whole of them into the ranks in a body.

A horse which has passed through a battle unwounded is fretful, sulky and nervous—the same as a man—for the next three or four days. His first battle is also the making or unmaking of him as a warhorse. If the nervous tension has been too great, he will become a bolter in the face of danger, and thereby become a danger in himself. If the test has not been beyond him, he will go into the next fight with head held high and flecks of foam blowing from his mouth as he thunders over the earth.—Washington Post.

HE SQUANDERED MILLIONS.

The Wildly Reckless Financial Career of Baron Albert Grant.

One of the most dramatic if not actually one of the largest failures, so far as the liabilities were concerned, was that of Baron Albert Grant of "Emma mine" notoriety. Grant was the uncrowned king of the financial world of his day and generation. He made millions almost as deftly as the late Mr. Barney Barnato, and he spent them right royally. He bought Leicester square and presented it, a free gift, to the people of London. He gave a dinner to nearly a thousand city magnates at a cost which was popularly reputed at the time to have exceeded 100 guineas a head, and which, in any event, undoubtedly established a record in extravagant dinner giving which has yet to be beaten.

And he started out to build a palace in Kensington which should "knock spots off" all other private residences, past, present or to come. Everything was got up regardless of expense. The ballroom walls were inset with panels of pink Italian marble, costing 800 guineas each. In the entrance hall were four pillars of porphyry, worth £4,000.

The building was scarcely finished when the crash came, and it remained for long a brick and mortar white elephant on the hands of the trustees in bankruptcy. Eventually most of the interior fittings and decorations were disposed of piecemeal. The grand staircase, which had cost to build some £40,000, being acquired by the representatives of the late Mme. Tussaud for a trifte over a fourth of that sum. It now forms the main approach to the upper and principal suit of rooms of the new exhibition buildings in the Marylebone road.—London Mail.

Cats of Other Days.

The lot of the average nineteenth century cat does not compare favorably with that of its ancestors. Everybody knows that the early Egyptians held the cat sacred, and any one injuring a sacred animal was liable to severe punishment. Among the ancient laws of Wales was a statute which prohibited the slaughter of a cat under a curious penalty. The owner of the slaughtered animal held it by the tip of the tail, with its nose touching the floor, and the slayer had to give him, by way of compensation, as much wheat as would bury the entire animal out of sight. The grain was supposed to represent the amount that the owner would lose through the depredations of vermin by being deprived of the cat.

Saxony, Switzerland and other European countries also had laws enacted for the protection of cats, which were regarded of economic value. Now, however, pussy is simply a decorative domestic adjunct.

A Rhodes' Anecdote.

Here is a new anecdote about Cecil Rhodes: In 1884 he was severely attacked in the press, and notably by one journalist to whom he had given very considerable assistance.

Mr. Rhodes flushed up, and with one of his sudden though rare explosions burst out with, "Hound yourself! Do you think I wanted to bribe the man?"

UNION LABELS.

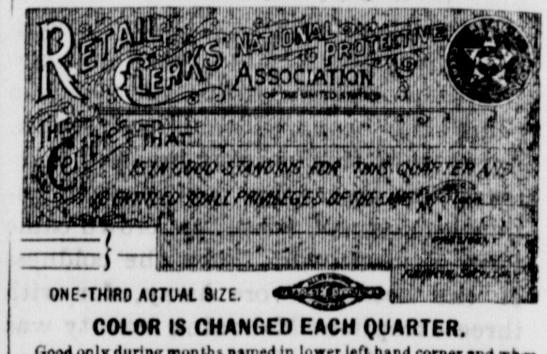

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. A Peculiar Problem.

The Longbow gives some amusing pieces of Lewis Carroll's humor from the forgotten pages of Oxford pamphlets. During the election at Oxford in 1865 he gave vent to the following Euclidean definition:

"Plain superficiality is the character of a speech in which, any two points being taken, the speaker is found to lie wholly with regard to those two points."

A note is also given on the right appreciation of examiners: "A takes in ten books and gets a third class, B takes in the examiners and gets a second. Find the value of the examiners in terms of books; also their value in terms when no examination is held."

J. L. Francis and A. M. Faulk, of Chicago, arrived in the city yesterday afternoon and went direct to the office of H. A. McNicol, at the Dresden pottery, where they remained almost an hour. Different rumors as to their business soon became current.

They called on Mr. McNicol and questioned him regarding the price of land in this vicinity. He referred them to other parties in this section.

Today it became known that the gentlemen are at the head of a Chicago company who want to build an electric line from Lisbon to Liverpool. They have plenty of money, and if the investigation now being made will show that it can be made a paying venture the project will become a reality very soon.
